

Idealease Safety Bulletin

December 21, 2012

Brought to you by Idealsafe 847-304-3190 Website: www.idealease.com

Registration is now open on line for the 2013 Idealease/NPTC Safety Seminars!

Idealease, its affiliates and the National Private Truck Council NPTC will again be hosting safety seminars in 2013. The one day seminars this year will focus on basic safety and compliance, regulation changes and CSA. The seminars will be provided to all Idealease customers, potential customers and NPTC members at no charge. The seminar provides important information applicable for both the novice and experienced transportation professionals. To view the schedule and register for an upcoming seminar in 2013 click on the following link:

25-Apr: Chattanooga, TN
25-Apr: Dallas, TX
8-May: Denver, CO
9-May: Mississauga, Ontario

Have you prepared your terminal facility for upcoming holidays?

With two upcoming long holiday weekends it is not uncommon for thieves to target truck terminals and truck dealerships over the holidays. Thieves know it is a good opportunity for a successful theft as the possibility exists for no one to be at the facility. Make sure that you take extra precaution to secure the trucks and items of value at your facility. If your units do not have anti-siphon devices or locking caps, instruct the drivers not to fill the units at the end of the day. Make sure that all security alarms and cameras are in working order.

Idealease would like to wish all of you a safe and joy-filled holiday season and a prosperous New Year! You will receive your next Idealease Safety Bulletin on January 11, 2013

Walk the perimeter of the lot to make sure that security fencing is in good condition. Move units and all other material such as pallets, tires, etc far enough away from the fence so they cannot be used to climb on to get over the fence. Review your security lighting to make sure it is operational and adequate. Lighting can be obstructed by vehicles or trees allowing a thief a place to be unseen. Consider blocking the entrance and exits to the lot so units cannot be stolen. Throughout the three day weekend assign management personnel to check the terminal randomly. Notify local law enforcement officials of your hours of operation over the holidays so they know when to expect activity at your location. Using a little prevention and common sense can deter a thief from striking your facility and disrupting your business!

**Happy
Holidays!!!**
